

# Curriculum based School Tours

**Bus Transportation Scholarships available  
Students are Free - Adults \$5.00**

## History and Social Studies

**Grade: 1- 6:** Using museum exhibitions, students explore and recognize vital connections between the present and past. Students are encouraged to appreciate universal historical themes and dilemmas while understanding historical events through museum tours and activities. **Participants will take part in a museum tour, piano and sing-along (as schedule permits), and related crafts and games.**

**Grades 9-12:** Using Museum Exhibitions, students examine events, trends and developments in society. Students interpret past events and issues within the context in which an event unfolded rather than solely in terms of present-day norms and values. **Participants will take part in a museum tour, piano demonstration (as schedule permits), related art projects, and interactive games.**

## Visual Arts

**Grade: 1-12:** Using museum exhibitions and activities, Students learn elements and principles used in the visual arts and examine examples of the use of these principles in artworks from the museum collection.

They will examine the process and purpose of art works, as well as the role that art plays in society; noting human diversity as it relates to the visual arts. **Participants will take part in a museum tour, piano demonstration (as schedule permits), related art projects, and interactive games.**

## Literary Arts

**Grade: K- 5:** Use of museum collections to prompt active engagement in group reading activities with purpose and understanding. **Participants will take part in crafts and games to help identify characters, settings, and major events in a story.**

**Grades: 6-12:** Use of museum and library collections to prompt engagement in reading and story-telling. Explain early book collecting. Compare and contrast different forms or genres. **Activities:** Contrast the experience of reading a story, drama, or poem to viewing or presenting a live version of the story. Analyze the structure of written story, and/or re-create a scene from that story.

## Edward-Dean Museum
